

# RISK BENEFIT ASSESSMENT

<b>Activity:</b>	Evening Entertainments – Disco, Grail Hunt, Egg Protector, Photo Challenge, Castle Olympics, Quiz Night, Just Dance, Talent Show	<b>Date:</b>	January 2020
<b>Assessors:</b>	Rob McGurk	<b>Review date:</b>	January 2021

**Benefits:** Participants get the chance to unwind, have fun, and cooperate with each other.  
**Risks:** See below.

**Ratios:** There will be a recommended ratio of 1:1.15 (adult:participants) for the overall activity. Teacher/Group leader presence requested during evening activities. A ratio of 1:1.16 can be used with prior agreement from the visiting party leader (or Residential Compliance Coordinator for NCS) and Ford Castle Adventure.  
**Accessibility:** All our instructors will ensure that medical notes for their group are checked and understood prior to the activity. All our instructors are aware of various inclusive strategies and will endeavour to meet the needs of all of our guests.

Hazard	Who is at risk	PRECAUTIONS in place to reduce the risk of injury
Slips, trips and falls. Abrasions and bruises, sprains/strains	Participants, instructor	Session to be run by qualified instructor. Good instructor control. Torches used when outside on dark evenings. Access to qualified first aider and first aid kit. Instructor carries radio. Strict adherence to company activity guidelines. Regular monitoring by senior staff.
Getting lost/separated from the group	Participants	Session to be run by qualified instructor. Good instructor control. Strict adherence to company activity guidelines. Participants briefed to stay in their groups. Instructors check numbers in the group on each return. Instructor will radio 'code blue' is a child is missing for more than 15 minutes.
Disco – Noise	Participants, instructor	Noise levels to be monitored by supervisor on evening ents and adjusted if believed to be too loud. Break out rooms to be provided to allow participants and instructors to move away from the noise.
Disco - Flashing lights	Participants, instructor	Medicals checked for epilepsy, lights not used if any visitor is prone to light-sensitive epilepsy or fits.
Egg protector – participant being hit with dropped egg package	Participants, instructor	Session to be run by qualified instructor. Good instructor control. Strict adherence to company activity guidelines. Participants are supervised at all times and kept to designated safety area while the egg protectors are being tested.
